Storytelling is the world's oldest art form, and it plays an integral role in guests' experiences at all Grand Mercure Phuket Patong Resorts & Villas. At each of our iconic locations, our staff thoughtfully create signature services that illuminate local culture and honour traditions. They become storytellers in the process. Each signature – whether a traditional dining experience, a locally inspired greeting or a flourish of regional décor – comes from an authentic and genuine passion for local culture.

The stories and anecdotes our staff tell, transform each Grand Mercure into an eloquently described scene, bringing people and places together.

## THE HEART OF THE COCKTAIL

Mixing rum with cane sugar, lime juice and crushed mint leaves brings back childhood memories of my family road trips. Vast sugar cane plantations stretched from either side of the road. The rum used in our signature mojito has much less travelling to do. In fact, the distillery's a mere 30 minutes's drive from the resort.

I've even added a few personal touches of my own.
